Discussing moral issues with family and friends can be a challenge in a culture that strongly promotes the idea that there is no objective truth. Speaking from a wealth of personal experience, renowned author and theologian Dr. Edward Sri provides 5 "keys" to enable Christians to oppose with logic and love what Pope Benedict XVI

called the "dictatorship of relativism." He also clarifies the proper understanding of what it means to judge, and the importance of making good judgments.

Check this out in the Lighthouse Media Rack in back of Church.
