CALAVARY CEMETERY

If you are missing items from your family graves, you may check the table by the cook shed in back of church or contact the office. Many items were blown off the graves, so they were gathered up and brought back here, because we did not know what graves these items belonged on. Items not claimed after this weekend will be disposed of.

CATECHISM OF THE CATHOLIC CHURCH THE PROFESSION OF FAITH

Knowledge of God According to the Church

In the historical conditions in which he finds himself, however, man experiences many difficulties in coming to know God by the light of reason alone:

Though human reason is, strictly speaking, truly capable by its own natural power and light of attaining to a true and certain knowledge of the one personal God, who watches over and controls the world by his providence, and of the natural law written in our hearts by the Creator; yet there are many obstacles which prevent reason from the effective and fruitful use of this inborn faculty. For the truths that concern the relations between God and man wholly transcend the visible order of things, and, if they are translated into human action and influence it, they call for self-surrender and abnegation. The human mind, in its turn, is hampered in the attaining of such truths, not only by the impact of the senses and the imagination, but also by disordered appetites which are the consequences of original sin. So it happens that men in such matters easily persuade themselves that what they would not like to be true is false or at least doubtful.
